

MASTER IN SURGICAL MANAGERMENTS OF DEEP ENDOMETRIOSIS

10 Seasons Hybrid Series

Course Directors:

Dr. Zeinab Hakim
UAE

Pr. Arnaud Wattiez
France

Pre-recorded Lectures
Launch Date

October

25

COURSE DESCRIPTION:

Series of 10 seasons on managing endometriosis from diagnosis, counselling, treatment and prevention. This master course will be over 6/10 Months of hybrid sessions including lectures, Q&A and live surgeries with clinical attachment ensuring full coverage on tackling patients with endometriosis.

WHY ATTEND?:

It is very important to develop, teach and train doctors to new techniques so that every patient can access the benefits of laparoscopic surgery. This course will enhance and prepare the surgeons in aspect to manage all the difficult scenarios of endometriosis. At the end of this course, there will be a certifying exam which is required to get the degree of competence in managing endometriosis.

REQUIREMENTS-TARGET AUDIENCES:

• Practicing OB-GYN physicians, Familiar with basic laparoscopic skills and basic gynecological procedures. as well as residents and fellows, who are interested in training for endometriosis surgery.

TIME LENGTH:

(10 Seasons) 6 months period - 2 to 4 days a month

SEASONS:

- Season 1 : Who, When & How?
- Season 2 : Pre-operative Prep & Assessment
- Season 3: Surgical Environment
- Season 4: Posterior Compartment
- Season 5: The Bowel
- Season 6: The Ureter & Bladder
- Season 7: Home Sweet Home...
- Season 8: Further More...
- Season 9: Fertility in Endometriosis
- Season 10: The Final Chapter

Course Rates: (USD/AED)

(All rates below are 5% VAT exclusive)

\$ 2,950/ DHS 10,900 - Full 10 Seasons Course with Clinical Attachment**

\$ 1,950 / DHS 7,200 - Full 10 Seasons Course - Online Only

**Clinical Attachment:

Possibility of onsite and OT access, Observation, Clinical Case Discussion & Review of the patient case, preparation for exam

ADD-ON Course

\$ 100/ DHS 400 - "Endometriosis & Nerves" Introductory Webinar

Summary

We are delighted to inform you that we are launching our master course "Master in Surgical Management of Deep Endometriosis" for 6 Months with 10 seasons which is accredited by ESGE (European Society for Gynaecological Endoscopy).

The concept of the master course is fully online on which all lecture topics will be pre-recorded and published on our website 3 weeks prior to the start of scheduled live sessions of each season. Exclusively available only for registered candidates.

The scheduled live sessions per season will have a comprehensive online interaction for Q&A regarding the season topics, live surgery case and observations with the experts.

Each season will have an exam (Quiz Poll) to pass before progressing on the next one.

The only difference between the 2 types of registration is the clinical attachment which will be done "onsite" from different international facilities in addition to Dubai site depending on your preference.

The clinical attachments are available on certain regions In addition to Dubai if you are interested:

For the moment below are the list of facilities:

Clinical Attachment – 2 to 3 days depending on schedule availability and booking between December 2021 to February 2022.

- Latifa - Dubai (Sunday Monday or Wednesday Thursday) or optional is 1 wee
- Lyon - France
- Clermont - France
- Avellino - Italy
- USA
- Brazil
- Chile
- Spain
- Belgium

We are currently finalizing the list of facilities and schedules. Availability of booking may vary due to current pandemic situation on each region.

The clinical attachment will be available with schedules between the master course. If you are also registered to "Master in Science of Anatomical Landmarks", you can do both clinical attachments during the same time period so you wont need to visit Dubai or any facilitiy multiple times.

Master in Surgical Management of Deep Endometriosis

Webinar Introductory Topic:

Endometriosis & Nerves

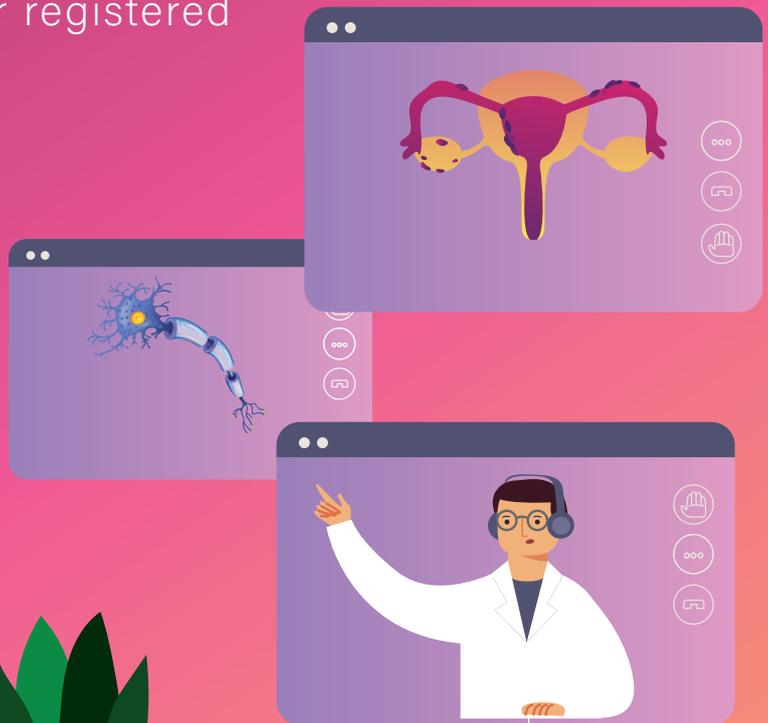

Recorded Lecture of the live session will be available online for registered candidates.

Faculties:

- Pr. Arnaud Wattiez
- Pr. Benoit Rabishong
- Dr. Rodrigo Fernandes
- Pr. Marc Possover
- Dr. Vito Chiantera

Lectures:

- Descriptive Anatomy of The Nerve
- Surgical Application of The Nerve
- Anatomy of The Nerve
- Visceral nerve vs somatic nerves
- Surgical approach of nerve involvement:
 - "Sciatic and pudendal"
